WELL KNOWN ORATOR

Cuban Congressman had Many Friends in This Country.

GAINED DISTINCTION IN WAR

Colonel Enrique Villuendas, Who Was Shot Yesterday was One of the Most Brilliant Men in Cuba and Had Served Under Gomez in the Spanish War.

New York, Sept. 23.—Colonel Enrique Villuendas, leader of the Cuban liberal party, who was killed yesterday in Cienfuegos had many friends in this city where he resided for some time during the Cuban revolution. The congressman's father and 14-year-old sister Esmeralda, are staying at the home of Juan Fonesca, in west 66th street. The elder Villuendas has been ill and the news of his son's tragic death was withheld from him last night. He intended to leave this city today with his daughter for Havana, on the steamer Moro Castle, but could not get accommodation.

At the time Fonesca was informed of the killing of Colonel Villuendas, whom he had known since boyhood, he was writing a letter to his brother, Francisco, in which he said: "Give my kindest regards to Brother Enrique." Then he added a postscript, saying that he had just heard of the death.

Colonel Villuendas was 33 years of age. He fought with distinction in the last revolution against Spain, serving under General Gomez. He went to Cuba at the time of the insurrection in a filibustering expedition from the United States, led by General Juan Ruiz. A brother of Colonel Villuendas was killed in the revolution. Another brother is a member from Santiago province of the lower house. Colonel Villuendas represented a Havana district. He was a lawyer and a forcible speaker, and often addressed the Cuban patriots meetings held in this city at the time of the revolution.

Colonel Villuendas, formerly a friend of President Palma, later became one of the strongest advocates of the election of General Jose Miguel Gomez, the liberal candidate for the presidency and governor of Santa Clara. The congressman was also a liberal and only a few weeks ago wrote to a friend in this city the sanguine prediction that General Gomez would be elected.

In 1904 the colonel visited the St. Louis exposition.

ATTEMPTED HOLD-UP

Automobile Too Swift for the Masked Bandit.

Chicago, Sept. 23.—Springing from the scrub oaks which flank both sides of the road, two masked bandits attempted to hold up an automobile last night at the foot of Hubbard's Hill in Winnetaka. The road at this point is lonely and there are no houses within a mile. The autoists, among whom were two women and a little girl, refused to stop and the bandits fired ten shots at the speeding car, but failed to hit either the machine or its occupants.

The driver of the machine, F. L. Holbarth, of Waukegan, was accompanied by his wife and Mrs. Cecil Yates and her ten year old daughter. Mrs. Holbarth ran the machine into Glencoe at full speed, regardless of ordinances and reported the attempted hold-up to the police. Two policemen were sent to the scene but failed to find any trace of the bandits.

BEARS BLOCK TRAFFIC

Street Cars Stopped in Duluth, Minnesota—Women Scared.

Duluth, Sept. 23.—Street car traffic on Woodland avenue was blockaded last evening for a few minutes by six black bears. Incidentally eight or ten women were nearly frightened to death when the motorman brought the car to a sudden stop, raised the curtain and called to the conductor that there were "bears on the track." The bears escaped.

GRISWOLD NOT DEAD.

Stomach Examined Not That of Missing Man.

Des Moines, Ia., Sept. 23.—Expert Chemist Kinney, who has conducted an examination of the organs of the body supposed to be that of George M. Griswold, the Des Moines insurance man, who was supposed to have been murdered on September 13, made a report last night in which he expressed the belief that the stomach which he examined was not Griswold's, but that of a man who had been dead at least two weeks. This sensational report gives support to the theory of those who claim that Griswold was not a victim of murder or suicide, and that he is still alive somewhere. The body taken from the river three days after Griswold's disappearance was not identified except by its clothing, the features being unrecognizable. It is now disclosed also that the stature of the dead body was a couple of inches less than Griswold's. Griswold carried about \$15,000 life insurance and \$5000 accident insurance. Insurance companies are actively seeking to disprove murder or suicide theories.

GREAT INLAND SEA

Complete Submergence of Imperial Valley Predicted.

DUE TO POOR ENGINEERING

Since Diverting the Colorado River From Its Course for Irrigation Purposes the River has Cut Through its New Banks and Flows Into the Valley.

Detroit, Mich., Sept. 23.—Disastrous results from irrigation in the Imperial valley in southern California were predicted last night by George Y. Wisner, of Detroit, an engineer of national reputation and member of the international waterways commission. Mr. Wisner was speaking before the Detroit Engineering society.

"Within 20 years, thousands of people who have taken up government lands in the Imperial valley will be driven out by water, their homes and fields forming the bottom of an immense inland sea."

"The cause of the coming catastrophe is poor engineering in diverting the course of the Colorado river for irrigation purposes. The river has cut into the banks of its new course to such an extent that nearly all of the Colorado river flows down into the valley."

"The engineers realize the danger, but after many frantic efforts have failed to change the river's course back into its old bed."

Not for 20 years will the evaporation down there be equal to the inflow into the valley. By that time a million acres of the valley, which is from 60 to 265 feet below sea level, will be covered by an inland sea."

Like Finding Money.

Finding health is like finding money—so think some who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At Chas. Rogers' drug store; 50c and \$1.00; guaranteed. Trial bottle free.

It doesn't necessarily follow that a man is rich because he happens to have more money than brains.

JUST A COMMON SALOON

Resolutions Adopted at W. C. T. U. Convention Roundly Scores Tavern as Being Equally as Dangerous as the Less Hypocritical Saloon.

New York, Sept. 23.—One plank in the platform adopted yesterday by the 22nd annual convention of the W. C. T. U. of Kings county is devoted to a condemnation of the Subway tavern that was.

The Subway tavern, it reads, "Has now revealed its true character—that of a common saloon—its caretaker having confessed that its aim was to secure as habitués, the respectable inhabitants of the residential section of the city."

"We protest against the establishment of such traps for the unwary and the countenancing of such devices of Satan by Christians and we will labor against such places equally as against the less hypocritical saloon."

ANOTHER WORLD'S FAIR

Kansas to Celebrate Fiftieth Anniversary of Admission.

Topeka, Sept. 23.—A monster world's fair and celebration of the 50th anniversary of the admission of the state of Kansas to the union was planned here last night by the Commercial Club of Topeka, assisted by several prominent men from different parts of the state, among them Governor E. W. Hoch, of Marion and T. M. Potter of Peabody. It is to be entirely a Kansas institution, managed by a committee of 15 prominent men appointed from different parts of Kansas.

THE TELEGRAPH'S NEW RATE.
